Specifications

Exact provides superior ergonomics for 90% of the population, from the petite 150cm assistant at accounts, to the 185cm giant in shipping. In fact, Exact is designed to meet BIFMA requirements on chair dimensions.

HEADPOST

A sleek diecast aluminium post holds the free-tilting headrest, finished in silver epoxy powder coating.

HEADREST

Free-tilting cushioned headrest, can be set at any position forward or back according to the user's preference.
Moveable range: 30°

ARMRESTS

3-way adjustable armrest. The height of the armrests can be easily adjusted by just lift the armrests to suit the user's desk or body type. The armpad can be move forward or back and swivels into 3 angular positions to allow the user to rest their arms easily.

BACKREST

A breathable polyester mesh suspension allows improved ventilation, to provide exceptional thermal comfort. The height of the backframe can be easily adjusted by just lift the frame to the desired position. Adjustable range: 105mm

CHAIR MECHANISM

Synchronized mechanism with tilt tension control, multi position tilt lock, and pneumatic seat height control.

LUMBAR SUPPORT PAD

Lumbar support can be conveniently adjusted by side knobs, without getting up from chair, to customized the exact support for various spinal shapes.
Moveable range: 20mm

BASE

Standard base is moulded of polypropylene in black colour. Optional base of die-cast aluminium in silver epoxy powder coating or in a luxurious polished finished.

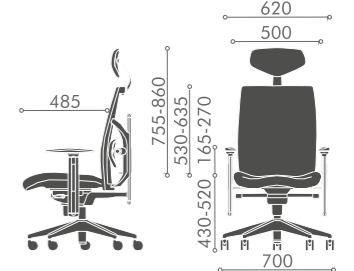

Height adjustable back and adjustable lumbar pressure ensures precise support for every spinal curve.
